

What's Happening X

Summer camping is in front of us and the weather looks great! We have so many things happening in Scouting this time of the year. The 2 Millionth Eagle will soon be named and by chance he is from Northern Star Council. We also have Jim Schuster of Troop 89 being recognized as an outstanding Scoutmaster in the US at the Annual Meeting in Florida.

The next Century of Scouting looks as promising as the last. So many memories and so many youth enjoying Scouting.

We still need a logo and patch design for Many Waters District from our Youth. Time is running out to get your entries in. We really need your help.

The new District will need everyone's help. We are organizing a gathering of District Volunteers on June 24 at a site to be named so we can get a head start on the opportunities for this next Fall. A note will be sent as soon as we have the location.

Until I see you again at the next Scout Adventure, Safe Scouting.

David J. Murphy
